Research Project Topic and Questions

My topic is diseases in Victorian England.

Question 1: What are the most common diseases?
Question 2: What precautions did people have to fight off illnesses?
Question 3: Who was mostly affected by the diseases?
Question 4: How did the diseases spread?
Question 5:

Name: ______________ Class: _______ Date: ______________

Research Project Note cards and Works Cited

You will gather information on notecards. As you find information you deem useful, you need to record the source information on one note card, and then record the useful information on as many additional note cards as you need. You must have a minimum of three “source cards” and six “information cards.”

Source card examples:

Source #1
Book
Title: Understanding Global Warming
Author: Rebecca L. Johnson
Publishing Information: Minneapolis, Lerner Publications Company, 2009

Information card examples:

Source 2
Rector and Visitors of the University of Virginia, 2012. Web.

Research Project Presentation Paragraphs

When you present, you must expand on your bullet points on each slide. You should have one slide per research question. For each slide you must have 4-5 sentences written down to guide your presentation.

Slide 1: Question: ________________________________

_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
______________________________________________________________________________________________

Slide 2: Question: ________________________________

_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
______________________________________________________________________________________________

Slide 3: Question: ________________________________

_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
______________________________________________________________________________________________

Slide 4: Question: ________________________________

_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
______________________________________________________________________________________________

Slide 5: Question: ________________________________

_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
_________________________________________________________________________________________________
______________________________________________________________________________________________
